Stone arches on either side of the Great Room flow into wide galleries ideally suited for the finest art installations. A library with custom built-in cabinetry and another soaring wood burning stone fireplace offers a quiet space for private study, meetings, and contemplation. The open family room adjacent to the beautiful custom chef's kitchen, offers yet another wood burning stone fireplace and built-in surround sound. Step outside the family room onto a covered stone terrace with outdoor dining area, stone fireplace and magnificent westerly views for enjoying extraordinary sunsets as the day ends and the sun kisses the horizon. This terrace extends the entire length of the home and culminates with a second covered area adjacent to the master bedroom suite. In addition to being an extraordinary place to call home, Windward Farm offers a variety of amenities and features found at the finest of resorts and spas.
